

INCREASE IN ENROLLMENT

EAR ALUMNI:

As I write this we are looking forward to the opening of the college year within a few days and to welcoming the new and returning students as well as faculty and other friends. We are glad to report a substantial increase in enrollment. It will not be long until we shall be making preparation for Homecoming which is scheduled for Saturday, October 24. You will find plans and schedule of events elsewhere in this bulletin.

In this message I desire to mention two things in particular:

The Conner Memorial Chapel—

At the meeting of the Executive Committee of the college which was held August 12, I reported the result of the campaign for the Conner Memorial Chapel as follows:

Reported in previous bulletin	\$1310.00
Received since last report	338.50

On Hand at this time (Sept. 4, 1953) ... \$1648.50

This sum is made up as follows:

2 gifts of \$500.00 each	\$1,000.00
1 gift of \$150.00	150.00
1 gift of \$100.00	100.00
4 gifts of \$ 25.00 each	100.00
1 gift of \$ 20.00	20.00
1 gift of \$ 15.00	15.00
15 gifts of \$ 10.00 each	150.00
22 gifts of \$ 5.00	111.00
1 gift of \$ 2.50	2.50
1 gift of \$ 1.00	1.00

The total number of members of classes 1913-21, including specials, that we were able to contact 315
Total number contributing 48

The Executive Committee felt that it would take at least two full months to agree on the furnishings and equipment of the chapel, employ an architect, get competitive bids, and have the work done. Since less than one half of the \$3500 had been contributed up to that time it was impossible to go ahead without the college underwriting the balance which the college felt would not be according to the wishes of the alumni who attended during Dr. Conner's administration. The Executive Committee, therefore, voted to extend the time and urge prospective contributors to make their contribution in the hope that it can be completed in time for Commencement next June. On that basis, therefore, we are continuing to accept contributions though we regret we cannot have the chapel completed for Homecoming. We invite your comments on this decision.

Homecoming and Greater Lycoming Banquet

The banquet for many years has been in February, usually the weekend nearest Washington's birthday. In more recent years many have expressed the opinion that in mid-winter the risk of bad weather's always a deterrent to many who would like to attend the banquet. After much consideration, therefore, by the Alumni Council, by the Activities Committee of the college (representing faculty and students), and especially by those who have the handling of the details of the banquet, it was decided to try to combine the banquet and Homecoming this year.

Hence, one of the features of Homecoming will be the Greater Lycoming Banquet. Details of that event also are found elsewhere in this bulletin.

We have had a very busy summer with two sessions of summer school from June 19 to August 29, making repairs and improvements to our buildings and in addition entertaining eight different groups on our campus, the last being the World Series of Little League baseball. Next year we shall probably have all the groups which have been with us this year with the possibility of one additional group.

We are looking forward to greeting you in connection with Homecoming, October 24.

Faithfully yours,

JOHN W. LONG, President

BIRTHS • DEATHS • MARRIAGES

Engagements, marriages, births, and graduations highlighted the Summer months for many Lycoming Alumni. Here are a few we have heard of! We'd appreciate hearing what has happened to you lately.

We were very sorry to hear from Mrs. Rombach of the death of her husband, William J. Rombach, '24 while on a business trip in this city in June, 1953.

A member of the class of '25, George Carlos Mestre and wife visited Dr. Long and to show their children, George and Carmen Rose Dr. Mestre's alma mater. Dr. Mestre is a dentist practicing in Santiago, Cuba. His son will enter the Havana University in this third year in pre-dentistry following in his father's footsteps who graduated from the university in 1929.

Dr. and Mrs. Long had a letter from the C. Edgar Manherz, '26, family last Christmas that their daughter Jeannine is married and living in Santa Cruz, California. Also by now I imagine the big event which was expected in early February has happened to the young married couple.

Have you heard that Dr. Seth Winfield Russell, '29, formerly assistant dean of liberal arts school at Pennsylvania State College and head of the sociology department has replaced G. Ernst Giesecke as dean of applied arts and sciences at North Dakota Agricultural College? A member of the board of directors of Lycoming College, Dr. and Mrs. Russell are now residing in Fargo.

Living Endowment Advances Lycoming Did you help?

These are not easy days for the small college — rising incomes nor endowments, smaller costs, and their unavoidable difficulties arising from the very unstable period in our national and international history, all these have conspired in advancing many problems for the endowed educational institutions.

Facing these facts we find confidence in the loyalty of Lycoming College Alumni who have contributed to the Living Endowment Plan this year.

Since January 1, 1953, 302 alumni have contributed nearly \$1600 to Lycoming giving us hope of exceeding our goal of 400 contributors by December 31st.

Any contribution, large or small, is greatly appreciated.

It's never too late to contribute to the Living Endowment Plan to keep Lycoming advancing.
